

## Independent Professional at MuldiMedia

“ My strengths are in translating business challenges into concrete (IT) solutions, and translating the possibilities of IT into opportunities for you business or project.

*I am hired as Project & Change Manager, Business Analyst and (scrum) Product Owner. I also regularly provide social media training and develop concepts for web and apps.*

## Added Value

*At my best when initiating and implementing new initiatives, projects, departments and services.*

- Thoroughly enjoy translating your business challenges into concrete solutions
- Over 10 years Project Management experience in ICT, New Media and HR
- Like to talk about how Workplace Services, so basically everything with a plug and wireless, can help you be more effective at the things you do
- Strong track record in Intranet Management, from strategy & development to publishing content that adds value to the user
- Fascinated by how internet technology, new ways of working (HNW), changing demographics, grass-root movements and social networks, shape today's and tomorrows work relationships
- Native Dutch who is near native in English
- Enthusiastic, fast thinker, quick learner
- Geek Girl who loves gadgets
